THE JOURNEY SO FAR

2000:

Dr (Mrs) Olukemi Adamolekun receives her 4th degree – a Masters' degree in Social Work from Virginia Commonwealth University (VCU), Virginia, USA at the age of 54! **Kaleyewa House begins as an idea.**

2001 / 2002:

Olukemi applied for land for KH in Akure but it was not approved before her death and it was difficult to follow up.

May 4, 2002:

Olukemi is car-jacked and murdered by armed robbers in Ibadan, Nigeria.

May 2003:

To mark the one-year anniversary of her death, family and friends commit to keeping her dream alive.

August 22 & 23, 2003:

KH's activities begin and food distribution occurs in Iju and Itaogbolu respectively with elders 65 years and above.

2004:

Qualifying age increased to 70 years and above.

2009:

Some fun added with an **Annual Christmas / New Year Party** for the elders.

2011:

Qualifying age increased to 75 years and above.

2013:

Ondo State Government promised land as part of the 10th anniversary celebration but it has not been given.

November 9, 2013:

10 years of service delivery of KH was marked in Iju and it also provided an opportunity to re-launch the organisation and raise funds.

2015:

Short health education segment included on food distribution days.

2018:

15 years of caring for the elderly.

2020:

Programming impacted by COVID-19.

2021:

Significant increase in cost of food: **42.85%.**

SUMMARY

Kaleyewa House (KH) activities continued in its two pilot communities: Iju and Itaogbolu in Akure North Local Government Area of Ondo State for elders 75 years and above.

KH covered the **three** usual areas: **food** distribution, **medicare** and, in one case, money to pay house **rent**. The additional component of counselling and health education, which started in 2015, was included during medicare and food distribution.

In 2020, fifty (50) elders in the two communities were approved at the January Board meeting and added to the existing 365 beneficiaries making a total of 415. By December 31st there were **383 KH Elders**; 32 (23 female and 9 male) had passed on.

In 2021, forty-four (44) elders were approved at the January Board meeting and added to the

383 existing beneficiaries making a total of 427 KH Elders. By December 31st, there were **406 KH Elders**; 21 (18 female and 3 male) had passed on.

As in the preceding years, there were 3 food distributions for all elders and 3 additional distributions for vulnerable elders. However, because of the coronavirus pandemic (Covid-19), only 2 out of 6 medical interventions were carried out in each community in 2020. In 2021, only 4 medical interventions were carried out in each community between May and December. The Schedule of Activities for 2020 & 2021 are in **Appendix 1**.

The tradition of an annual Christmas/New Year Party which started in 2009 happened in 2020, but not in 2021 due to Covid-19. The 2020 New Year Party was held on Saturday, Feb 1st and the report is **Appendix 2**.

Itaogbolu - Food Distribution, 2020

KH ACTIVITIES

FOOD DISTRIBUTION

Food was distributed to all registered elders thrice (February, June and October) and exclusively to vulnerable elders three additional times (April, August and December).

2020 Participation:

266 (72%) participated in February; **275 (68%)** in June; and **265 (67%)** in October.

2021 Participation:

287 (75%) participated in February; **322 (75%)** in

June; and **329 (79%)** in October.

It is noteworthy that despite the pandemic, we didn't see any significant spikes in participation in 2020 but participation increased in 2021.

Details of participation in food distribution in 2020 and 2021 are provided in **Tables 1-4**.

NOTE:

Vulnerable Elders are those who are unable to attend the distribution due to ill health or those over 90 years old.

MEDICARE

With medicare, three sub-components were emphasized during the years under review:

- Health education and counselling;
- Elements of preventive care; and
- Health assessments with dispensation of some basic generic drugs, and prescriptions for follow-up treatment at local clinics and the state-owned General Hospital located between the two communities.

The practice of visiting each community on a bi-monthly basis was stopped in April 2020 due to Covid-19. As such, the Medical Team was only able to visit

vulnerable elders one time in their homes in March at Iju instead of the normal schedule: March and July in Iju; May and October in Itaogbolu.

In 2021, the scheduled visits resumed and the Medical Team was able to visit vulnerable elders twice in their homes in each community: May and July in Iju and June and August in Itaogbolu.

In **2021**, the participation level in medicare varied significantly between the two communities: 7% to 37% in Iju and 28% to 39% in Itaogbolu. (See explanations at the bottom of **Table 6**).

KH ACTIVITIES

In **2020**, the participation level in medicare varied slightly between the two communities: 38% to 39% in Iju and 26% to 37% in Itaogbolu.

In **2019**, the level of participation in medicare ranged from 29% to 39% in both Iju and Itaogbolu.

The low participation in medicare in both communities has been consistent over the years. Health education was introduced during General Food Distribution in 2015 to ensure coverage of elders' health issues when

participation has been consistently higher.

Mrs. Wunmi Mesida, a Volunteer and Mrs. Olufisayo Adegboye, a Volunteer Staff took over coordinating the medical Team when Dr. Akintan was transferred from Iju/Itaogbolu General Hospital.

*May 8, 2021 scheduled for medicare activities coincided with the funeral ceremony of a member of a large cohort of KH elders in the community.

**September 11, 2021 scheduled for medicare activities coincided with seven different ceremonies (funerals and weddings).

KH ACTIVITIES

ADMINISTRATION

In 2020, a small team comprising two volunteers associated with Kaleyewa House from inception, six other volunteers and a full-time Program Officer ran Kaleyewa House activities. Another volunteer joined in 2021. A few relatives and friends of the founder provided occasional support.

A physician in private practice, Dr. F.S Awosanmi, in Iju and several of his nursing staff continued to volunteer to handle the provision of medicare.

Members of the Management Team are listed in **Appendix 3**.

NOTABLE EVENTS in 2020

1. Addition of New Elders

Following the approval of the Board, 50 new elders were added to KH beneficiaries during the first quarter.

2. Deaths

During the year, 30 elders died in the two communities: 20 in Iju (15 regular elders and 5 vulnerable elders) and 10 regular elders in

Itaogbolu. (Comparisons: 23 elders died in 2019, 25 in 2018, and 21 in 2017)

3. Impact of COVID-19

Cost of food increased by 67% e.g. a bag of rice was ₦18,000 in 2019 compared to ₦27,000 in 2020.

NOTABLE EVENTS in 2021

1. Addition of New Elders

Following the approval of the Board, 44 new elders were added to KH beneficiaries during the first quarter.

2. Deaths

23 elders passed on in the two communities: 13 regular elders in Iju, and 9 regular elders and 1 vulnerable elder in Itaogbolu.

3. Additional Volunteer

Mr. Mayowa Awogbami from Igbara-Oke, a senior social worker in the Community Development Department in Akure North Local Government, visited KH during general food distribution held on 4th of June, 2021 at Iju. He decided to join KH volunteers following discussion with the KH Volunteer Supervisor and was accepted after approval by the Management Team.

APPENDICES

APPENDIX 2: REPORT OF 2020 KH PARTY

On Saturday, 1st February 2020, Kaleyewa House (KH) hosted its annual New Year Party in Iju for its beneficiaries in Iju and Itaogbolu communities of Akure North Local Government area of Ondo State.

Mr. Jide Alonge, a volunteer, introduced those on the high table and he anchored the proceedings.

The programme started at 11am with praise & worship from the elders. An opening prayer was said by one of the elders from Iju – Mrs. Rachael Fasaanu.

Welcome Address

Mr. Samuel Temitope Ojo, the Programme Officer welcomed the KH elders from both communities to the KH 2020 Annual Party. He recognized the presence of Ms. Yemi Adamolekun, the Founder's daughter. He told the elders that the Volunteer Supervisor went for an unavoidable event and extended his warm greetings to the elders.

The Programme Officer informed the elders that KH has added 50 new members during the 2020 Board meeting. He pleaded with the elders to always reveal the death of elders and those that wrote two names, to ensure an accurate register.

He praised the family and the supporters that God has used to fund and sustain the programme for more than fifteen years. He told the elders that they should always remember the Founder's family in their prayers.

Ms. Yemi Adamolekun greeted the elders and the elders prayed for her.

Medical Advice

Mrs. Wunmi Mesida advised the elders on what to do to avoid Lasaa fever:

- ensure clean environment and cover our food very well;
- ensure your room is always clean to avoid rats that can cause Lasaa fever;

- wash your hands with soap after using the toilet;
- visit the hospital bi-monthly for medical check-up.

Feedback from Beneficiaries

Four beneficiaries spoke on behalf of the others that attended the program – Pa Joshua Adanlawo, Mrs. Florence Odole & Chief Oni Akinleye (Iju); Mrs. Rachael Oke (Itaogbolu). They were full of appreciation and showered praises on the Founder's family and the Management Team of KH for making life meaningful for them.

They advised the elders that they should value check-up and medicare more than food. They also prayed for the Adamolekun family; the contributors to KH programme, the Management Team for putting things together and that the Founder's soul will continue to rest in perfect peace.

Traditional Entertainment (Ayo Olopon):

Ayo Olopon was played between two elders from each community. Itaogbolu defeated Iju in the game. Chief S.T Ojo tipped the participants in each community.
